GET THE BULK OF YOUR ACUTE AND GENERAL CPD FOR THE YEAR

Acute & General Medicine offers a comprehensive clinical update for all hospital doctors

Times are tough: junior doctor contracts, increasing numbers of patients with complex medical conditions, an ageing population and essential revalidation requirements – hospital doctors are undeniably under an enormous amount of pressure.

Acute & General Medicine was designed 5 years ago to support hospital doctors to release some of this pressure and we’ve never been more committed to your training needs. Affordable clinical CPD training to help doctors through their appraisal, extra knowledge outside of their specialty area to be able to treat patients effectively while on-call and career guidance for those who are looking to take on leadership roles.

Which clinical specialties attend?
Since Acute & General Medicine was launched, we have supported and trained over 6,000 doctors in the latest guidance covering all of the core specialties:

- Elderly medicine
- Acute medicine
- Emergency medicine
- Diabetes and endocrinology
- Respiratory medicine
- General Internal medicine
- Rheumatology
- Gastroenterology
- Cardiology
- Stroke medicine
- Intensive/critical care
- General practice
- Haematology
- Infectious diseases medicine
- Nephrologists
- Neurologists
- Palliative medicine

What grades of doctors and clinicians attend?
Acute & General Medicine attracts clinicians from all grades and specialties. The comprehensive programme presented by a world-class faculty of speakers is attended by:

- Consultants
- Specialty doctors
- Physician Associates
- Medical Students
- Foundation year doctors
- Senior clinical nurses
- GPs

USE CODE JULYT1: WWW.AGMCONFERENCE.CO.UK/TICKETJULY
It’s my first time at Acute & General Medicine; a colleague recommended I attend as they found it really informative. I have an interest in Acute and General Medicine long term and I will definitely be attending next year.”  
Dr Mathew Thomas, Doctor, Wirral University Teaching Hospitals

“This is my third time at Acute & General Medicine and it’s different every year. It’s a good update for global medicine and it’s a fantastic opportunity to update the way that I practice medicine for my kidney patients as they are complex and have multiple needs.”  
Dr Stephen Morgan, Consultant Nephrologist, Basildon & Thurrock University Hospital and NHS trust

“A colleague recommended I attend as they found it really informative. I have an interest in Acute and General Medicine long term and I will definitely be attending next year.”  
Dr Ashit Kumar Shetty, Consultant Stroke Physician, Nottingham University Hospital NHS Trust

Acute & General Medicine has been rated 4/4 by your colleagues for the third year in a row on the Royal College of Physicians CPD log

91% of delegates recommend the conference to colleagues

96% of delegates met their learning objectives

96% of delegates believe low-cost CPD is very important, which is why they continue to attend in their thousands

Acute & General Medicine has gone global!

We’re delighted to announce the 2016 conference will be attended by doctors from around the world – making us the leading cross-specialty clinical conference globally. We already have over 70 doctors travelling from India, Pakistan, Australia, Canada, USA, Italy and the Netherlands.

Delegates travel from across the world for the unparalleled clinical training and 2016 will represent an exciting opportunity for our UK based doctors to network with international peers who will have different ideas and experiences to share.

Book before 29th July for £199+VAT before the price increases to £249+VAT!
Use code JUlyT1: www.agmconference.co.uk/ticketjuly
GET HANDS-ON SKILLS TRAINING

INTERACTIVE WORKSHOPS

Delegates attending Acute & General Medicine 2016 can combine both seminar-based learning with hands-on training across a range of practical workshops — providing a unique learning experience.

Whether you’re experienced or need to brush-up on your knowledge, the hands-on training workshops will be the perfect way to practice your skills and you will come away from the conference with fact-based and practical new skills you can implement straight way.

ALL OF THE HANDS-ON TRAINING WORKSHOPS ARE RUN BY QUALIFIED DOCTORS WHO ARE EXPERTS IN THEIR FIELDS

COMBINE SEMINARS WITH PRACTICAL SKILLS TRAINING

Ultrasound Training

Take part in sixty minute intense sessions where you’ll be guided through stations covering predominantly critical care and emergency medicine scenarios.

Sessions will cover:

✔ Aortic scan
✔ MSK
✔ FAST scans
✔ Peripheral and central IV access
✔ Cardiac activity
✔ IVC Identification
✔ Pneumothorax diagnosis

Hands-on training brought to you by:

BOOK BEFORE 29TH JULY FOR £199+VAT BEFORE THE PRICE INCREASES TO £249+VAT!

“Acute & General Medicine provides a really good update in a range of topics. I have been particularly interested in a talk on the use of IV fluids. This is the first time I have come and I will definitely be booking a place for next year.”
Dr Johannes Van Oppen, Specialty Doctor in Emergency Medicine, Lincoln

“The talks at Acute & General Medicine cover a good range of topics and there is something for everyone at every level here. I have come to this conference because the content is much better than that provided at other similar events.”
Dr Chris Kirkee Liverpool, Locum Emergency Physician

“I have returned to the Acute & General Medicine conference after coming last year. This conference is better than other conferences that I have been to because it is bigger; it covers a wider range of subjects and is a good price. It keeps my appraisers happy.”
Dr Paul Burns, GP, G4S Lincoln

BOOK YOUR DISCOUNTED PASS TO ATTEND FOR JUST £199+VAT

Securing your conference pass couldn’t be easier, but ticket rates will increase to £249+VAT after the 29th July, so book you and your colleague’s ticket today:
